ISA Certified This course is designed to provide a comprehensive education in arboriculture as well as prepare individuals for the Arborist Exam. (You must apply to take the ISA Certified Arborist Exam separately from this class registration. Applications can be obtained at www.isa-arbor.com/certification/becomeCertified.) For further exam questions, please contact the ISA office at (888) 472-8733 or cert@isa-arbor.com.

The Value of an ISA Credential – ISA credentials are valued and trusted because they let consumers know that you possess a high degree of knowledge about caring for and maintaining trees. When developing an exam, a panel of subject matter experts from around the world completes a job task analysis, and then writes an exam that encompasses the defined skills. ISA credentials build expert knowledge and reflect the professional skills sought by leaders from the public and private sectors, including training, academia and government organizations.
